Small Business Success Stories

Hello Alison!

During the last SBD Exec Comm meeting, we discussed collecting and publicizing small business success stories. We discussed the need to get a small group together to work through the plan to make this happen. First we want to establish the “criteria for success” – in this group’s mind, what type of success are we considering? Financial? Mentor-Protégé? Etc. We discussed that making significant impact to the DoD mission...but we need to define it. Once we define the acceptable criteria – this team will go on the hunt...find the small businesses, document their story, and publicize. So we’re reaching across the country to find the right team to 1) establish the criteria, 2) find and document success stories, and 3) publicize. We’re looking for one volunteer from SD area to assist with this effort.

As I truly desire to split the workload among many, I thought you might have someone on your CO Springs Small Business Committee that may be interested in volunteering to support this effort? They would obviously report back to your chapter on the ongoing activities.

Thanks! Patty Nunn

2010 Top Issues Review

We are requesting that you review last year's Top Issues that were approved by the Board of Directors in November of 2008 (click here)

<http://www.ndia.org/Advocacy/Resources/Documents/2009%20Top%20Ten%20Issues.pdf> . Using last year's Top Issues as a baseline, please provide us with any additions, changes and/or improvements. If, in your view, an issue needs to be addressed which is not included in the 2009 version, please provide us a narrative description of this issue. We, in turn, will provide draft language for all of the ideas we receive and return each to the submitter for review/comments/edits. As soon as we receive all of your inputs and suggestions, we will forward the draft 2010 Top Issues to the Chair of the Education and Lobbying Committee of the Board of Directors for a final draft approval. Once finalized, this document will be presented to the Board of Directors this coming November for approval.

Please email your recommendations to Pete Steffes at: psteffes@ndia.org. It is requested that your comments be submitted no later than Monday, August 31, 2009.

Sincerely, Glenn Baer

Subject: SBIR Reauthorization

Now that we have just a little more breathing room to comment on Congress' efforts to reauthorize the SBIR program, I think it is important that NDIA comment on each of the bills via a letter to each of the SB committees. To help in the formation of this effort, I have prepared a side-by-side, section-by-section, compare and contrast spread sheet with the House and the Senate bills. This should be helpful to review the approach taken by each on similar issues, and highlights the issues addressed singly by each. I know there will be difficulty in arriving at a unified approach to the VC issue, but if not, maybe we should not comment on that particular issue and let the House and Senate members go at it and see what comes out, if anything. **What we need to state is what we like, what we hate (dislike) and why.** There is no need to go into detail on many of the minor issues, a simple yea or nay should do. Try to be more specific on the major issues. I have asked Holly to FedEx the spread sheets to you as they are large (area wise) and are not printer friendly. If more copies are needed, please let Holly know and we will run some more. We should try to get a draft by August 25th so that a final letter can get to the Committees by the time they return from the August break. If you can get me just the "guts" of the letter, I will make it "pretty". Please call if you have any questions and/or need to discuss.

Peter M. Steffes, Vice President, Government Policy, NDIA
